**EXECUTIVE SUMMARY OF IMPACT ASSESSMENT CONDUCTED FOR THE CSR PROJECTS UNDERTAKEN DURING THE
FY 2023-24**

a. Executive Summary:

This report is a Corporate Social Responsibility (CSR) Impact Assessment for The Clearing Corporation of India Limited (CCIL) for the Financial Year 2023-24, conducted by the independent agency Makarand M. Joshi & Co. (MMJC). The assessment evaluates the social impact and effectiveness of CCIL's strategic CSR contributions aimed at mitigating India's growing burden of cancer and visual impairment. The primary focus of these initiatives was to support early detection, improve access to treatment, enhance healthcare technology, and reduce out-of-pocket medical expenses for low-income populations.

Key Public Health Challenges Addressed by CCIL CSR contributions:

- **Cancer Care:** India currently ranks second in Asia for cancer incidence, with projected cases reaching 1.56 million and an estimated 874,000 deaths in 2024. Breast cancer is particularly prevalent, accounting for 13.5% of new cases and 10% of all cancer-related deaths. The country also faces a staggering paediatric cancer burden, with an estimated 13,700 childhood deaths annually.
- **Visual Impairment:** India holds one of the largest visually impaired populations globally, though a significant portion of this blindness is preventable or treatable through standard interventions like cataract surgeries.

Overview of CSR Projects and Partnerships:

During FY 2023-24, CCIL collaborated with premier hospitals and CSR Implementation Agencies to implement five targeted healthcare projects:

1. Contribution to emergency fund / seed fund to initiate cancer treatment and Complete financial adoption of children / young adult for cancer treatment: Implemented by the ImpaCCT Foundation at Tata Memorial Centre (TMC), Mumbai, this project provided emergency funding and complete financial adoption for children and young adults undergoing life-saving cancer treatment.
2. Advanced Medical Equipment Procurement: CCIL funded advanced technologies for the Mahamana Pandit Madan Mohan Malaviya Cancer Centre (MPMMCC) in Varanasi. Procured equipment included a Cryoablation System, a Vacuum Assisted Breast Biopsy (VABB) system, and a Neurosurgery Cranial Set to improve early diagnosis and minimally invasive tumour treatments.
3. Dr. Arun Kurkure Initiation and Treatment Fund (AKITF) and Cancer Cure Fund (CCF): Administered through the Indian Cancer Society (ICS) across 17 empanelled hospitals, this initiative provided critical financial aid to underprivileged patients via the Dr. Arun Kurkure Initiation and Treatment Fund and the Cancer Cure Fund.
4. Support for Women with Cancer: Implemented by the Cancer Institute (WIA) in Chennai, this project covered the full spectrum of treatment (surgery, chemotherapy, radiotherapy) alongside food and accommodation for indigent women suffering from breast, ovarian, or uterine cancers.
5. Support for complicated major eye surgeries performed on indigent patients: CCIL partnered with the Medical Research Foundation (Sankara Nethralaya) to perform major, complicated eye surgeries for economically disadvantaged patients identified through rural outreach camps.

Assessment Methodology

- Evaluation Framework: The projects were rigorously evaluated against the OECD Development Assistance Committee (DAC) criteria, measuring Relevance, Coherence, Effectiveness, Efficiency, Impact, and Sustainability.
- Research Approach: MMJC utilized a mixed-methods framework involving primary data collection (on-ground field visits to 11 locations, beneficiary surveys, and interviews) alongside secondary research analysing institutional records and national policy alignments.

Key Findings and Social Impact

During FY 2023–24, CCIL CSR initiatives focused on vulnerable groups—children, women, and low-income patients covering early diagnosis, cancer treatment, and critical eye surgeries, thereby reducing healthcare inequities and strengthening India’s healthcare ecosystem.

- **Scale of Reach:** The initiatives successfully provided financial support to 1,387 cancer patients and facilitated critical eye care services for 572 rural beneficiaries. More than 65% of the respondents had monthly income below ten thousand rupees and another 26% had monthly income less than twenty thousand rupees. This indicates that the programs effectively supported people who are vulnerable and in need of financial assistance.
- **Gender Inclusivity:** A dedicated women's intervention supported 256 female cancer patients. The project effectively mitigated access barriers and ensured continuity and completion of treatments.
- **Treatment Adherence:** With a treatment completion rate of approximately 91.8% among the respondents, the program effectively ensured treatment completion and improved survival outcomes.
- **Patient Well-being:** Beneficiaries supported by the ICS funds reported exceptional improvements across physical, emotional, and social dimensions, registering a high satisfaction rating of 4.78 out of 5 for their treatment journey.
- **Systems Strengthening:** CCIL's initiatives not only addressed immediate healthcare needs but also strengthened the long-term sustainability of India's medical ecosystem by making newer treatment technologies available for vulnerable communities for treatments.
- The interventions contributed to the UN Sustainable Development Goals, significantly contributing to SDG 1 (No Poverty), SDG 3 (Good Health and Well-being), SDG 5 (Gender Equality), and SDG 10 (Reduced Inequalities). alleviates the financial burden on economically weaker sections by covering catastrophic out-of-pocket medical expenses through dedicated funds, thereby preventing healthcare-induced

poverty. Through targeted treatments for female-specific cancers, the programs effectively bridge critical access gaps and reduce systemic gender and socio-economic inequalities, ensuring equitable healthcare delivery for vulnerable groups.
